***Reasons for Allowance***

1. The following is an examiner's statement of reasons for allowance of claims 8-10.

For independent claim 8, the prior art of record does not disclose or clearly suggest a device attachable to a water ski comprising a rotator rotatably coupled to the bracket for 360 degree rotation relative to the bracket, the rotator having a periphery with a top hole and a bottom hole, a top spring having an end affixed in the top hole wherein the top spring is adapted to flex; and a bottom spring having an end affixed in the bottom hole wherein the bottom spring is adapted to flex and wherein the counterweight has a weight greater than that of the top spring and the flag in combination with the remaining limitations of the claim.

Claims 9 and 10 are allowed due to their dependency on allowed claim 8.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

*Conclusion*

2. The prior art made of record is considered pertinent to Applicant's disclosure. The prior art cited in PTO-892 disclose related levels having lenses.
